

Our 2008 pre-election report is being amended to disclose additional itemization of contributors? names making up amounts transferred to the RNC from our joint fundraising representative in relation to Congressional Trust 2008 (CT08).

This amendment does not change the transfer amount; rather it adds additional itemized donors comprising the transfer. This amendment is the result of an internal RNC review of contributors to CT08 and the resulting contributions from the joint fundraising effort made to the RNC based on the joint fundraising allocation formula. If you have any further questions, please do not hesitate to contact our office.
